**AMBER offers a complete range of digital signage products which includes integrated LED display applications and solutions for advertising media, conference & events, branding and promotion, through a comprehensive range which offers a unique experience to customers and audience.**

A decorative graphic consisting of a series of vertical bars of varying heights and colors, transitioning from orange on the left to blue on the right. A black rectangular box is overlaid on the left side of these bars.

# Introduction

## About AMBER

Designed for retail, leisure and hospitality settings, our freestanding digital signage has an almost unlimited range of applications. From everyday advertising and marketing campaigns through to way-finding and interactive directories there is an option to suit your needs. Offered in a range of styles including the new ultra-slim design, double and single-sided options, with optional touch screen interactivity-these eye-catching displays solve a variety of marketing communication requirements.
